

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT**  
**PERMIT APPLICATION PUBLIC NOTICE**

**February 15, 2008**

**Permit Number:** OCRM-08-035--M  
**Permit ID:** 62133

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** South Carolina Department of Parks, Recreation & Tourism  
C/O Ms. Emily Toler  
1205 Pendleton Street  
Columbia, SC 29201

**LOCATION:** On and adjacent to Old Towne Creek at 1500 Old Towne Road, Charles Towne Landing State Park, Charleston, Charleston County, South Carolina. TMS#: 415-00-00-004.

**WORK:** The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the park has recently removed the old dock and seeks to build a 6' by 6' fixed platform, with a 5' by 22' access ramp leading to a 10' by 56' floating dock. The applicant also proposes to install a single mooring piling at a distance of approximately 20' on each end of the proposed floating dock. The purpose of the activity is to provide access to the general public for viewing the ship Adventure.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before March 16, 2008. For further information please contact the project manager for this activity, Fred Mallett at 843-953-0236.*
